The receipt at the last moment of applications for grant or renewal of passports leads to considerable inconvenience in the various offices dealing with them. In many of these cases, applications are from persons who could have foreseen sufficiently early the necessity for taking out passports or for getting their old passports renewed. The District Magistrates and other officers who are authorised to sign the declaration forms are requested to impress on all intending applicants that unless their applications are received in good time, they cannot expect to get the passports on the dates on which they desire to have them.
